AOP Coteaux d'Aix-en-Provence

“Mineral & Persistent”

GRAPES

100% Vermentino

Vermentino (or Rolle) is our emblematic grape variety from Provence. All at once aromatic, mineral and deep, it adapts perfectly to our climate and our Mediterranean way of life.

TERROIR

Our grapes ripen on our most demanding soils on hillsides, which gives them the depth and minerality necessary to claim the Coteaux d'Aix-en-Provence AOP appellation.

WINEMAKING

Direct pressing, must stabilization, rigorous settling, and fermentation at very low temperature to extract maximum aromas.

TASTE

With a sparkling color with green reflections, 1884 opens with aromas of citrus fruits and white flowers. Mineral and refreshing, the attack on the palate gives way to a structure that is at once subtle, powerful and persistent.

SERVING

Dry, aromatic and persistent 1884 will be appreciated for its freshness as an aperitif, with grilled fish, a seafood platter and with mature goat cheese.

Serve between 10 °C and 12°C.

Contains sulfites 13% vol
